1 Minor Bugs in CIQ V3.0 Committee Specifications CS02

3 The following **MINOR bugs** in the XML Schema Files (xsd) of OASIS CIQ V3.0 Committee Specification
4 CS02 (Released in November 2008) have been identified (thanks to its users for identifying them).

5 The OASIS CIQ Technical Committee requests users of the specifications to fix the bugs as suggested in
6 this document until such time the committee formally releases an updated version of the specifications.

7 **The committee sincerely apologies to the users for any inconvenience caused due to this.**

8 1.1 Bug in xPIL.xsd

9 xPIL.xsd (V3.0) of “default” XSDs and “genericcode” XSD have the following bug.

10
11 Line 478 of xPIL.xsd of “default” XSD is:

12 `<xs:anyAttribute namespace="#other" processContents="lax"/>`

13
14 Replace the above line with the following line:

15 `<xs:anyAttribute namespace="##other" processContents="lax"/>`

16 Save the file.

17
18 Line 594 of xPIL.xsd of “genericcode” XSD is:

19 `<xs:anyAttribute namespace="#other" processContents="lax"/>`

20
21 Replace the above line with the following:

22 `<xs:anyAttribute namespace="##other" processContents="lax"/>`

23 Save the file.

25 1.2 Bug in xPIL-types.xsd

26 xPIL-types.xsd (V3.0) of “default” XSDs has the following bug.

27
28 Line 56 of “xPIL-types.xsd” is:

29 `<xs:restriction base="xs:time"/>`

30
31 Replace the above line with the following:

32 `<xs:restriction base="xs:normalizedString"/>`
